Why Should 4-H Members Participate in Roundup?

Roundup contests help you increase your public speaking skills. It provides the opportunity to get up in front of a group of other 4-H members or adults and showcase one's knowledge. It also helps with self-confidence, organizational skills, and the ability to successfully relay a message. The great thing about these public speaking activities is that they are FUN! What better way to show off to everyone else what you've learned in your project or even learn more?
